## June 2010 Minutes - By Le Roy Stuczynski

The June meeting was held at MARCS field in Madison. President Brad Witt called the meeting to order. The May 2010 Secretary's Report was accepted as printed in the newsletter The Treasurer's report was given by Le Roy.

**Old Business:** None presented.

**New Business:** The Lodi Area Radio Control Club (LARCC) has asked if we would like to hold some summer meetings at their Quarry Field. It was decided the next meeting will be held there. It will be held at the regular evening meeting time of 7pm. Le Roy will contact LARCC about this.

**Show and Tell:** There were no Show and Tell items at the meeting.

**“Big Bird”**

**Trez/Ed Sez** – *By Le Roy Stuczynski*

**H**i Eagles. Hope everyone is having a great summer so far and enjoyed some of the area Independence Day festivities. The North side of Madison where I live was a virtual population explosion of 250,000 for the July 3<sup>rd</sup> Rhythm & Booms display. The F-16 formation flyover at the beginning of the show is always my favorite. This year the U.S. Army's Golden Knights parachute team thrilled the crowd. Before the fireworks on Saturday night, the team dropped seven jumpers into the park from a height of 12,500 feet. Each skydiver had smoke grenades strapped to their feet so spectators below could trace their flight path.

The **SHAWANO RC CLUB** will be holding its **26<sup>th</sup> Annual BIG BIRD FLY IN** on **July 17th**. For more information go to the AMA District VII site at [http://www.amadistrictvii.org/calendar/2010\\_07.html](http://www.amadistrictvii.org/calendar/2010_07.html) or contact Jim Vanderwalker at (715) 823-3682.

I hope to see a big turnout at the July meeting at the LARCC Quarry field. See you there. 🙌

**More Flight Attendant Humor**

Heard on a West Jet Airline flight. "Ladies and gentlemen, if you wish to smoke, the smoking section on this airplane is on the wing. If you can light 'em, you can smoke 'em."

**Tips & Tricks - Plugged CA Applicators**

The long, thin CA applicator tips work great, except when they're clogged or gummed up with dried glue. After you've finished using them, soak them in acetone; they will be clean and will last forever. This will even work for tips that have dried CA on them, and it works great on spray-can nozzles too.
